the ever popular SYSTEM 80 NOW EVEN BETTER!

Now with these great new features

There's never been a computer available before with the sophistication of the NEW System 80 at such a low price. This very popular computer has been completely redesigned and is being redesigned it has benefited from earlier products on the market. Shortcomings in operator requirements, technology improvements, etc have all been taken into account in the design of the new system. It now includes features normally found in models costing twice as much - computers like the APPLE and the TANDY model III. The NEW System 80 is even less expensive than the original System 80, you save \$60 and pay only \$690 for a computer that only 12 months ago would have cost around \$3,000! Take advantage of this tremendous price breakthrough to explore the fascinating, entertaining and educational uses of this modern day wonder with your own personal home computer!

FEATURES

- 16K memory - expandable to 48K with X-4020 Expansion Unit
- Includes 12K Microsoft BASIC
- Compatible with almost all level II programs (thousands available)
- Works with any standard T.V. set or a video monitor
- Built in cassette deck with level control, plus provision for another (external) cassette
- Uses powerful Z-80 microprocessor: The most popular CPU chip in the world!

Cat X-4005

- Full upper and lower case video display capability
- Flashing cursor
- Screen print facility (obtains a print-out of any 'page' appearing on the screen)
- Monitor program (useful for the hobbyist to program in machine language)
- Built-in speaker
- Colour adaptor kit available

WAS \$750
NEW LOW
PRICE
\$690⁰⁰

NEW COLOUR GRAPHICS

NOW you can have colour with your System 80 computer! This kit gives you 8 different colours. AND it has a built-in, encoded, direct colour T.V. receiver.

Note: Installation of this kit should only be attempted by experienced hobbyists or technicians.

\$129⁰⁰

DUST COVERS

Dirt, Dust, Liquids. Your computer's worst enemies! Your System 80 is an investment in your future. Look after it now with a tight-fitting PVC cover. Your System 80 will reward you with trouble free longer life.

Cat X-4003

\$5.95

Also available

A protective cover for your monitor too. Fits most small monitors.

Cat X-1197

\$5.95

AND NOW SPEECH! The VOTRAX Synthesiser

With this advanced speech synthesizer your computer can now talk to you simply and clearly - with an unlimited vocabulary.

By adding a truly flexible and easy-to-use speech facility to any computer, it opens up whole new fields of applications: computers for the blind, language teaching, computer-aided teaching for small children and the illiterate. And of course Type-N. Talk is great fun for computer games. The Votrax is supplied with 240V power supply and user manual. You only supply a speaker and a cable to connect to your computer.

Cat X-2290

and it's only \$525⁰⁰

AND MUSIC! FRED SOUND SYNTHESISER

Give your System 80 the ability to produce music with this Sound Synthesiser. It just plugs directly into the expansion connector with the audio output connecting directly into the AUX, TAPE or TUNER facilities of most Hi-Fi amplifiers.

Cat X-3280

ONLY \$169⁰⁰

SYSTEM 80 MARK II to suit disk based operators

When cassette operation is too slow for business usage, this System 80 is the answer. The normal in-built cassette mechanism has been removed (even though we've still allowed for external cassette connection) to allow for connection to a disk drive. We also added numeric keypad for extra fast finger input, and a special ROM programme to allow for a flashing cursor on the screen for instant position recognition.

- Apart from these, there are:
- Inbuilt 12K Microsoft BASIC
- High bandwidth direct video output
- Screen print facility (obtains printout of any 'page' on screen)
- Provision for full expansion to 48K of memory, to 4 floppy disk drives, printer & RS232 communications ports.
- Full upper and lower case video display

PLUS 15 key numeric keypad PLUS 4 software defined special function keys!

INTRODUCING THE EDUCATOR

PARENTS: BUY THE COMPUTER DESIGNED
TO STRINGENT DEPARTMENT OF
EDUCATION STANDARDS

System 80 Mark II Educator - Computer offers outstanding value for money. It can be purchased initially in its low cost 'basic' form and then added to as funds and/or requirements grow. The Educator features a standard video interface which produces composite video signals which are fully compatible with standard Australian T.V. monitors.

Other features include:

- Typewriter-styled keyboard
- Upper and lower case display
- User programmable function keys
- Powerful 13.5K of ROM with Microsoft Level 2 BASIC
- Numeric keypad
- Inbuilt screen print facility
- Optional colour display
- Optional high resolution graphics

Cat X-4200

\$750⁰⁰
FANTASTIC
VALUE!

Low cost quality hardware for the System 80

CHOOSE A MONITOR TO SUIT YOUR NEEDS

All at prices lower than comparable units

Economy B&W Monitor

The System 80 doesn't need a video monitor, but can be used with one. A video monitor gives the sharpest, clearest image — and this one is really economical. It can be used with most computers on the market — and is much cheaper than other brands! Complete, and be surprised!

Cat X-1196

COMPARE OUR PRICE! **\$149⁵⁰**

Economy Green Phosphor Monitor

If you're seriously into computers then this is the monitor for you. Provides a sharper, brighter image, and you avoid eye fatigue! Sued more for the professional rather than the hobbyist.

Cat X-1198

TOP VALUE

\$199⁰⁰

NEW! high Resolution Monitor

With this monitor added to your computer system, you'll be able to use it for almost limitless applications: for accounts/telex/finance, education, medical, amusement & for any purpose data & video display. The anti-glare screen with its jitter & ghost-free image makes viewing much easier & sharper and allows 80 characters with 24 lines. A must for the serious computer hobbyist or professional.

Cat X-1200

Why pay \$\$\$ more for high resolution?

\$349⁰⁰

All monitors suit System 80, Sorcerer, Super 80, TRS-80 etc. Why pay more?

NOW added features for Expansion unit

A brand new model — now with extra value! The first row of 16K RAM is fitted as standard in this unit, with provision for an extra 16K (which gives the System 80/Expansion unit 48K total memory). And it's \$100 cheaper than the previous model! It provides as standard a floppy disk controller capable of controlling up to 4 single density disk drives. Although the exterior of the unit is similar to the previous model, there are significant changes internally: the Centronics printer port is still standard, but the RS-232C interface & connector are now only available as an option. The S-100 motherboard has been removed, and is available as a second option for those who require S-100 expansion capability.

Cat X-4020

16K Expansion Pack

Don't be misled into paying extra for no better quality: ours are the premium quality 200ns type 4116 dynamic RAMS used by most microcomputers.

- ★ Upgrades an 8K to 16K
- ★ Or a 16K to 32K ★ Or a 32K to 48K
- Pack of 8 4116 RAMS.

Cat X-1185

\$100 Interface card

With this card you can open the way to the many applications available via the S-100 bus system.

Cat X-4024

RS232C Interface

As an option with the expansion unit, the RS-232C interface makes your computer capable of communicating with modems, etc. It may also be used for driving teleprinters or other serial printers.

Cat X-4022

\$399⁰⁰

\$29⁹⁵

\$129⁰⁰

\$99⁰⁰

Cables Parallel Printer Interface

The low-cost way to obtain a Centronics-type printer port from your System 80 computer without the need for a full expansion unit. Plugs into the expansion interface connector on the rear of the System 80.

\$49⁹⁰

Cat X-4013

Cat X-4014

PRINTER CABLE

This is a universal cable, ideal for connecting a printer or other device to the printer interface or the X-4020 expansion unit. Fitted with edge connector one end and 57N-36 plug the other.

IF YOU WANT
DISK DRIVES READ THIS
& SAVE A
FORTUNE!

CHEAPEST PER BYTE! DICK SMITH SYSTEM 80 DISK DRIVES

Our disk drives go much further... for so much less! These superdisk drives cost so much less than the Tandy disk drives and they incorporate a high-quality MPI B51 drive mechanism together with matching inbuilt 240V power supply! Each drive has high storage capacity - 40 tracks and is suitable for both single and double density recording. With double density recording, you can store more than 160K bytes per diskette! The disk drives are suitable for use with most computers and disk controllers using the standard 34-way connection bus — such as the System 80 and TRS-80. (Don't pay their prices for disk storage!)

★ Already configured for the two drives most users need: drive 8 (Cat X-4060) and drive 1 (Cat X-4061).

COMPUTERS

Prices of software subject to change if customs duty is imposed; hurry and beat the price rise!

MICRODOS OS-80D DOUBLE DENSITY DISK OPERATING SYSTEM

Allows users the benefits of the Percom Doubler currently being supplied. Fully compatible with a number of enhancements. It will operate on both single and double density diskettes. Multiple track configurations & various drive stepping times are catered for. Additional BASIC programs and a new Disk File Manager program has been included. T1, S1, S2.

Cat. X-3545 \$72.50

OS/80 (MICRODOS)

A low cost BASIC disk operating system for expanded System 80 & TRS-80 systems which are running from 1 to 4 drives (35 or 40 tracks). A really easy to use DOS that communicates with the user & with user programs entirely by BASIC commands. Complete with 5 utility programs on the disk. Requires 16K and one disk drive. S1, S2, T1.

Cat. X-3555 \$35.00

OS-80 MACHINE LANGUAGE

A utility which is used to adapt OS/80 (MICRODOS) so that it can save and load SYSTEM programs on disk.

Cat. X-3560 \$35.00

MMS FORTH V2.0

You can customize and expand FORTH into virtually any language you like - yet it runs from 10 to 20 times faster than ROM BASIC! Comes with excellent documentation; on disk, with its own DOS (written in FORTH). Minimum 16K and one disk drive. T1, S1, S2.

Cat. X-3668 \$185.00

Z-BASIC COMPILER

An interactive compiler which handles most of the commands and statements available in level II Microsoft BASIC. Lets you compile your BASIC programs, so that they run up to TWENTY TIMES FASTER THAN WITH THE ROM INTERPRETER! Disk version, but comes on cassette so you can use it with the DOS of your choice. Needs 16K, but can handle larger programs if you have 32 or 48K.

Cat. X-3570 \$99.00

TINY PASCAL

Has most of the BASIC statements and procedures of PASCAL. Also contains recursive procedure/functions, global and local variables, if-then-else, then-peak & poke, while, for, repeat/until & complete System 80/TRS-80 graphics. Complete with manual and sample graphic program. Req. 16K. T1, S1, S2.

Cat. X-3670 \$49.50

EDITOR ASSEMBLER PLUS

The complete package for assembly/machine language programs for a System 80 or TRS-80 computer. Has a text editor for preparing source code, a powerful macro assembler for translating the source into machine or object code and a very flexible debug program to allow troubleshooting & analysis of programs in memory. Req. 16K. T1, S1, S2.

Cat. X-3680 \$39.95

Z-80 DISASSEMBLER

A program which produces an assembly language listing from Z-80 machine code stored in memory. Very handy when you are trying to analyse machine language or SYSTEM programs, to find out how they work (or why they don't). Written in BASIC and provides an ASCII decoding function as well as the mnemonics - so you can spot stored messages, etc. Req. 16K. T1, S1, S2.

Cat. X-3690 \$17.95

SOME COMMON BASIC PROGRAMS

A companion to the popular Osborne book (B-2345; \$9.95) - saves keying in the programs in BASIC; investment, statistics, calculations, costing, etc. Use the programs as they stand or adapt them to do what you want. T1, S1, S2.

Cat. X-3665 \$19.50

40-TRACK PATCH FOR TRS-DOS

This next little routine allows you to run the Tandy Disk Operating System using 40 track Disk Drives. On cassette. Req. 16K. S1, S2, T1.

Cat. X-3550 \$20.00

BASIC PROGRAM SERIAL LOADER FOR SYSTEM 80

A program that enables loading of programs written in BASIC from another computer via the RS-232C interface.

Cat. X-3688 \$19.50

SYSTEM 80 DUMB TERMINAL

Allows users of standard System 80 computers to communicate via their RS-232C I/O port using an acoustic coupler. Provides full or half duplex operation at 300 baud. S1

Cat. X-3766 \$9.95

DIAGNOSTIC DISK

Ever been stuck with a problem in your system that you can't quite figure out? Then this is the answer. With incredible ease you can test your complete system operation, from memory to disks. An invaluable aid to any computer user regardless of level of ability. Disk based. Includes detailed instructions. S1, S2.

Cat. X-3763 \$19.95

MICROSOFT FORTRAN-80

Ideal for science and engineering applications, Fortran has become one of the most widely used programming languages ever. Compiled Fortran-80 code is exceptionally fast, compact and modular. Includes full ANSI standard Fortran X3.9-1968, except the COMPLEX data type. Features include single byte LOGICAL variables, mixed mode arithmetic expressions, error trapping, diagnostic output, extensive subroutine library and users may write non-standard I/O drivers. Req. 32K. Disk based. T1, S1, S2.

Cat. X-3669 \$250.00

Exciting range of System 80

Games Software

(most suit TRS-80 too)

STARFIGHTER

You start out as a new pilot, your job is as a mercenary and star police officer. You must protect Landbase Control. You must identify spacecraft - some could be enemies! Work your way through the ranks to Star Lord - the rewards are great! Fantastic graphics and sound. Twin cassette package complete with 32 page manual. T1, T3, S1, S2.

Cat. X-3674 \$39.50

AIR TRAFFIC CONTROLLER

If you've ever wondered why controllers are so highly paid, this will answer your questions. Your task is to safely maneuver 20 aircraft between two airports and/or terminal points within your control area. You only have 99 minutes. This could lead you into a new career! S1, S2, T1.

Cat. X-3681 \$12.50

BETA BLITZ

Put yourself in the pilot's seat as you approach the city on your high speed bomb run, your mission to destroy the enemy's ground installations. Naturally they will respond with ground fire and mount a formidable air attack. Incredible fast real time graphics make this a very exciting package. Definitely not milk nuri! Cassette based. T1, S1, S2, T3.

Cat. X-3683 \$14.95

KILLER BEATLES

Put your skills against the killer beetles. You dig traps and when the beetle falls in you bury him. Problem is: they don't stay buried! Cassette based. Req. 16K. S1, S2, T1.

Cat. X-3598 \$19.95

STAR WARRIOR

One of the most popular Adventure games; the scenery is set as woodland and mountain terrain. Utilising good graphics & various levels of play, your aim is to hunt down the military governor of Fornax & destroy the installation in which he is found. Nineteen command options available. Cassette based with excellent documentation. T1, S1, S2.

Cat. X-3643 \$39.95

3-D TIC-TAC-TOE

The familiar 'noughts and crosses' game, expanded & made more challenging. There are four grids on the screen, one behind the other. You play the computer - but watch out - it's shrewd! Cassette based. Req. 16K. T1, S1, S2.

Cat. X-3671 \$17.95

DEPTH CHARGE

The latest version of the arcade favourite. Your mission is to destroy the enemy submarine pack. Good graphics and includes sound. Cassette based. Req. 16K. T1, S1, S2.

Cat. X-3686 \$14.95

GHOST HUNTER

The aim is to eat the energy dots in the maze before the ghost can get you. Random 'power pills' will assist you in chasing them. Cassette based. Req. 16K. S1, S2, T1.

Cat. X-3597 \$19.95

SPACE SHOOT OUT

A game for two players. Your aim is to fly your missile through the mine mine belt to destroy the other ship. Cassette based. Req. 16K

Cat. X-3599 \$19.95

SUITABILITY OF PROGRAMS:

S1: System 80
S2: System 80 MKII
T1: Tandy Model 1
T2: Tandy Model 3

HELLFIRE WARRIOR

One of the 'Dunquest' series. The scenery is drawn from medieval times. You commence by arming yourself with various weapons which may be purchased (earned for) and you are endowed with varying degrees of intelligence, ego, intuition, strength and constitution. Various levels of play available with the goal being to reach the warrior maid Brynild and return her to the world above. Beware! Forty three monsters await your every step, but there are those who can help you. Traps, secret doors and treasures await the clever. Cassette based with excellent documentation. T1, S1, S2.

Cat. X-3642 \$39.95

TREK 78

The classic computer game based on the ever popular TV series 'Star Trek'. This game utilises good graphics and provides continuous status reports. Your aim is to destroy the enemy and save the galaxy. Cassette based. T1, S1, S2.

Cat. X-3644 \$12.95

SUPERMAZE

The maze game of old and all maze games. It can generate mazes up to 100 x 100 elements - it can take you many hours to find the way out! Cassette based. Req. 16K. T1, S1, S2.

Cat. X-3672 \$17.95

GALACTIC EMPIRE

Have you ever wanted to dominate the world or even the universe? Then this is for you. A sophisticated game of strategy and tactics. Your object is to unify the galaxy. Superb graphics and a detailed manual make this an excellent package. Cassette based. Req. 16K. T1, S1, S2, T3.

Cat. X-3679 \$19.95

GALACTIC TRADER

The second of this now famous trilogy. If military life is not your scene and if making deals and bartering is, then your game is trader. Your object is to unify the galaxy. Superb graphics and a detailed manual make this an excellent package. Cassette based. Req. 16K. T1, S1, S2.

Cat. X-3678 \$19.95

GALACTIC REVOLUTION

Now with sound. The third of the trilogy. Diplomacy, social manipulation and machievellian ruthlessness must be combined to bring the major power blocs of the galaxy together to serve your ends as you lead the revolution (or suppress it). Cassette based. Req. 16K. T1, T3, S1, S2.

Cat. X-3677 \$19.95

ASYLUM

The latest role playing game in which you must get out of the asylum. You are placed in a padded cell and your job is to find a way out; many items to aid you can be found along the way and the use of ordinary commands will determine your ability to survive. Definitely NOT for those who have little patience. Cassette based. Req. 16K. S1, S2, T1.

Cat. X-3687 \$19.50

GALAXIA INVASION

Real time graphics and sound, the idea is to destroy the invaders and save Earth, but beware of the Flagships!

Cat X-3693 **\$19⁵⁰**

LUNAR LANDER

You are the Commander of a Lunar Lander whose Auto-Pilot has failed. It is your job to safely land the craft on the lunar terrain.

Cat X-3691 **\$19⁵⁰**

COSMIC FIGHTER

Once you have destroyed all of the aliens you have to do it again, but this time alien destruction requires two hits, then three!

Cat X-3695 **\$19⁵⁰**

METEOR MISSION

Your mission - to rescue the stranded Astronauts from the planet below. Guide your craft through the meteor belt, pick up and return to orbiting Mothership.

Cat X-3697 **\$19⁵⁰**

SPACE INVADERS

The ever popular arcade game has become a cult! Can you shoot down the aliens before they destroy you and the Earth? Fast moving with good graphics.

Cat X-3699 **\$9⁹⁵**

Educational Software

Dick Smith's learning fun series

TYPING TUTOR

An interactive program that teaches you to touch type. It is claimed to teach typing skills faster than any other method, and has been widely acclaimed by business colleges.

Cat X-3682 **\$24⁹⁵**

SPEED READING

A set of programs on two cassettes to help readers of all ages improve their reading skills. The four programs correspond to the first four levels of the West Australian Reading Development Scheme course, but can be set for reading speeds as high as 0.1 seconds per line.

Cat X-3692 **\$19⁹⁵**

SCURVE INVADERS

A unique program that combines basic maths drill with the ever popular 'Space Invaders' game - practising maths has never been so much fun! Before shooting a Scurve with the Laser, the player has to feed in the correct data to the Spaceship computer.

Cat X-3694 **\$9⁹⁵**

ALPHABET/RHYME TIME

Alphabet Countdown is a real time game in which sets of words taken at random from a large group must be placed in alphabetical order, in the shortest possible time. Rhyme Time displays a series of unfinished rhymes, and the player has to type in the missing word from clues given in the rhyme itself.

Cat X-3698 **\$9⁹⁵**

HANGMAN / CONCENTRATION

Two programs which help increase familiarity with words. Hang man is the computer version of the well known guessing game - complete with animated graphics 'man' getting hung. Concentration is the computer version of the famous TV quiz game. Two players or teams have to match pictures behind numbers on the screen, then guess the mystery word.

Cat X-3696 **\$9⁹⁵**

MUSICAL COMPUTER

Written by an experienced music teacher, this program helps the beginner to read music and find notes on the piano keyboard - quickly and easily.

Cat X-3640 **\$34⁹⁵**

RAIN ANALYZER

A most useful program for the man on the land, the geography student etc. By keying rain patterns for your area in the past (these figures normally available at your local post office, etc.) you can predict rain fall patterns, volumes, etc. in the future. Great for crop planning, shearing.

Cat X-3767 **\$19⁹⁵**

AUSTAX 82

This unique Australian designed and written program has been produced in association with the Australian Dept of Taxation with the assistance of qualified taxation specialists. The program will perform all necessary calculations and even checks to ensure that you do not exceed the maximum claimable amounts. It will provide a printed summary which can be sent in with your return. The program takes your thorough tax return form step by step and provides on-screen prompts.

Cat X-3782 **\$29⁹⁵**

Get your accounts in order with

General Ledger

One of a series of Business Accounting Software packages designed to overcome time consuming manual entry etc. Lets you know exactly how your business is running and provides the necessary information to make business decisions based on accurate reports, as to your company's status. Complete with comprehensive manual and requires a System 80 with 32K, two Disk Drives and an eighty column printer.

\$299⁰⁰

Cat X-3752

Accounts Receivable

This package gives you the vital information concerning the heart of your business, i.e. cash flow. At a glance you can tell who owes you what, how much and for how long. Information that can take days to produce is available in minutes. Your company's financial status is at your fingertips, with reports such as the Trial Balance, Debtor's Ledger and Posting Summary. Requires System 80 with 32K, two Disk Drives and an eighty column printer.

\$299⁰⁰

Cat X-3756

Invoicing

It's a powerful, efficient invoicing system that is easy to use! The package will run either as a stand-alone system or interactively with your Stock Control and Pricing System. The package guides you through each stage of the procedure, providing on screen menus and prompts. It provides full invoicing session summary reports, including sales tax and revenue totals, so you can keep full records for later auditing etc. It allows for credits or returned items and even allows a mix of items being returned for credit with items being sold. If you wish, complete with manual.

\$199⁰⁰

Cat X-3751

Want to store large amount of data?

DATFILE is for you

A program which lets you computerise virtually any data file currently on cards etc. Memberships and mailing lists, client and customer details, product information - you name it. Datfile lets you call them up on the screen, add new entries, make changes, sort all entries, select by category, print out & so on. Comes on disk and requires 32K & at least one drive.

\$99⁰⁰

Cat X-3760

Professional Word Processing

WORD 9

A powerful professional Word Processor System, yet one which is at the same time easy to use. Written in Australia specifically to run on the System 80 MKII Business Computer, it provides a host of features including unlimited text insertion, the ability to print mailing labels and to merge a name and address file with a standard form letter - plus a 'help' facility. Written in machine code for really fast operation, it comes complete with an easy to read user's manual.

\$299⁰⁰

Cat X-3761

Economy Word Processing

A low cost easy to use basic word processor for System 80 & TRS 80 computers. Handles 300 words / 9000 characters at a time, features automatic text wrap-around, character oriented insert and delete editing and optional justified printing. Cassette based - requires a 16K machine.

\$59⁵⁰

Cat X-3758

Share Market Analysis

A valuable tool for the part time dabbler or for anyone with an interest in the stock market. It can provide both types of 'point and figure' charts for individual stocks or for market groups. Fully menu driven with detailed instruction manual and can handle up to 45 different stocks. **\$49⁵⁰** Cassette based requires a 16K machine. Cat X-3765
